## Data, Duration & Methodology

- More than 5,842,111 tweets were used to derive the original list ( top 1000 )
- We tracked tweets/retweets/mentions originating from UAE only
- Data collected from 23 April to 30 June 2014
- Non UAE accounts are included since they are being mentioned and their tweets are being retweeted by people living in the UAE

## Highlights

[iF6amowh #4](#) - The account of "Fatma Mourad" a teenager who have just finished her secondary education, in her second last tweet she said she is very happy to graduate on the 24<sup>th</sup> of June 2014, while reviewing we questioned the position of this account in the list, she is not popular and her tweets are so personal but after investigation we found many of her tweets in June reaching 6-8k+ retweets, most of them were supplications, sadly after further investigation we found that she died in the same day of her graduation.... God mercy upon her

[aziz\\_q8 #26](#) - The account of Abdulaziz from Kuwait, a Kuwaiti tweep suffering from cancer and being treated in Boston USA, he used to tweet his daily life with cancer, posting progress and asking people to pray for him, sadly he also died in June
